Pet Mice

Mice are very small animals.
They have little bodies,
big ears and long tails.

A mouse's tail has no hair.

For Review Only

Some mice are grey
and some are brown.

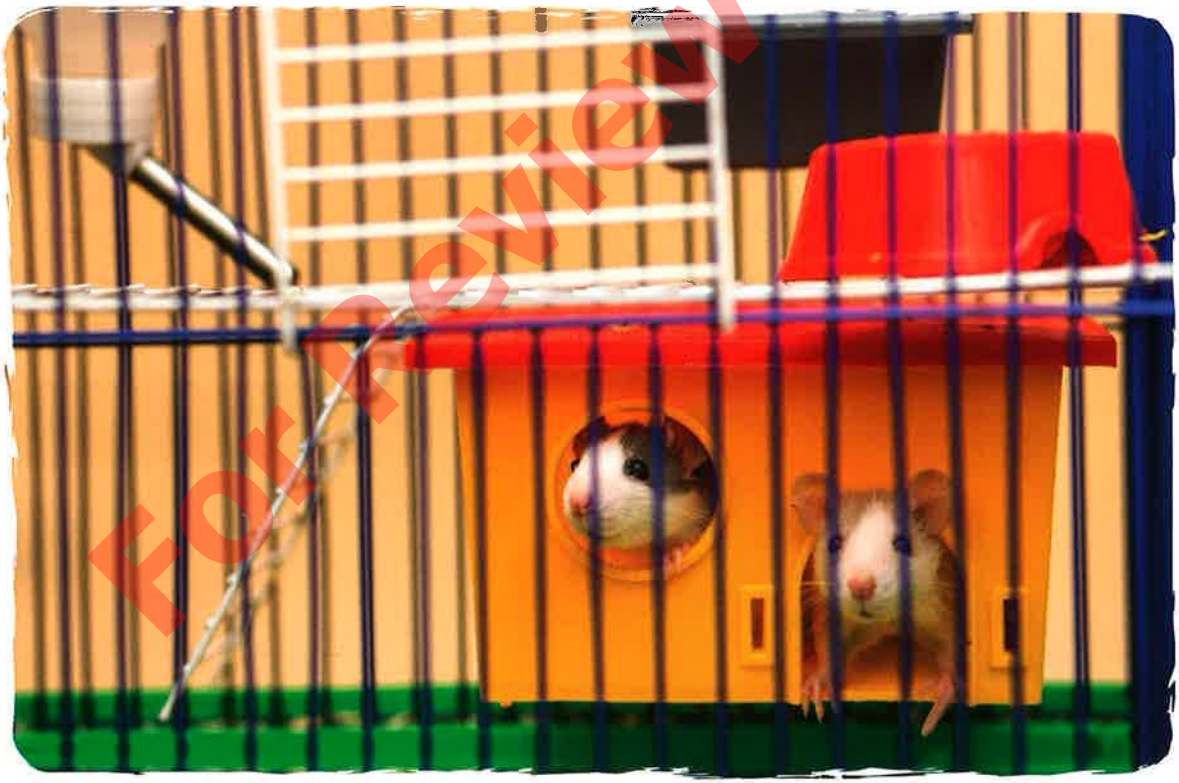

Some mice are black
and some are white.

For Review Only

Pet mice can be kept
in a big **cage**.
Mice need lots of room
to run around.

A mouse is safe inside a cage.

Pet mice need a warm place to sleep.
They like to dig into small bits
of paper or straw inside a **nesting box**.

Pet mice are good at jumping.
They can jump from place to place.

Mice can run very fast, too.
They like to run around and around
inside a wheel.

For Review Only

Pet mice can run up and down
little ladders.
