Look Up, Look Down

Levels 5/6 **Running words** 165 **Text Type** Non-fiction
Curriculum Area Mathematics – Geometry (Space and Location)

Concepts

Explore positional relationships.

Respond to directions.

Describe the position of objects.

Key High-frequency Words

going, into, my, This, went

Key Teaching Points

Read the title. Study the photographs on the cover and title page. Notice that the girl is looking up on the cover and the boy is looking down on the title page.

Ensure students understand the purpose of each clue card.

Key Questions

What did each child find? *(Literal)*

Why did the children read their clue cards? *(Inferential)*

Maths Language Activity

Explore the positional vocabulary of *up* and *down*. Discuss and list things that can go up and down, e.g. A plane can fly up into the sky. It can come down to land.
