

JUNGLES

What is a jungle? Who lives in the jungle?
Find out all about hummingbirds,
lemurs and singing frogs.

Do You Know? is a series of levelled non-fiction books featuring video content, project work and critical-thinking activities to motivate and engage young learners. Covering a range of STEM topics from nocturnal animals to climate change, *Do You Know?* takes an enquiry-based approach, developing children's language, communication and investigation skills.

wet
(adjective)

wing

What is a jungle?

There are a lot of trees in a jungle.

It is hot and **wet** in a jungle.

The trees like the **rain**.

There are not many houses, shops or schools.

THINK!

Why do the trees like the rain?

What are plants?

A lot of plants live in a jungle.
Trees are big plants.

Plants like **sunlight**
and water.

Plants have **leaves**.
Some plants have flowers.

This hummingbird is
finding food in a flower.

This plant is
on a tree.

A spider monkey is
climbing in the trees.

PROJECT

Work in a group.

Draw a plant that has leaves and flowers.
Colour it, and label the different parts.

Who lives in the jungle?

Not many people
live in the jungle.
But lots of
animals do.

Some animals
live in the trees.
Some live on the
jungle floor.

Some are big
and some
are small.

Some animals
walk, some fly
and some swim!

WATCH!

Watch the video (see page 32).

How many different animals can you see?
Which animals are swimming?
