Wild Africa

Africa is a wild place.
There are many wild animals.
Many wild animals live in big parks.
The parks are safe places
for the animals.
There are many workers in the parks.

Rangers

Many park workers are rangers.
Rangers do many jobs.
Rangers take care of the land
and the rivers.
They take care of the plants.
They look after wild animals, too.
They work near the wild animals.

Studying the Animals

Some people study the animals.
They live near the animals.
They watch the animals.
They take many photos.
They write many notes.
