Our family loves fresh vegetables.
One day, my father said,
“Why don’t we make a garden
and grow our own?”

“Gran can help make the garden,”
said Mum.
“Follow me.”

So, first we went to Gran's house.
Gran had a sunny place
to make a garden.

My mother said, "Perfect!"

My father said, "Yum! I can taste
those crunchy carrots already!"

"Pop can help make the garden,"
said Gran.
"Follow me."

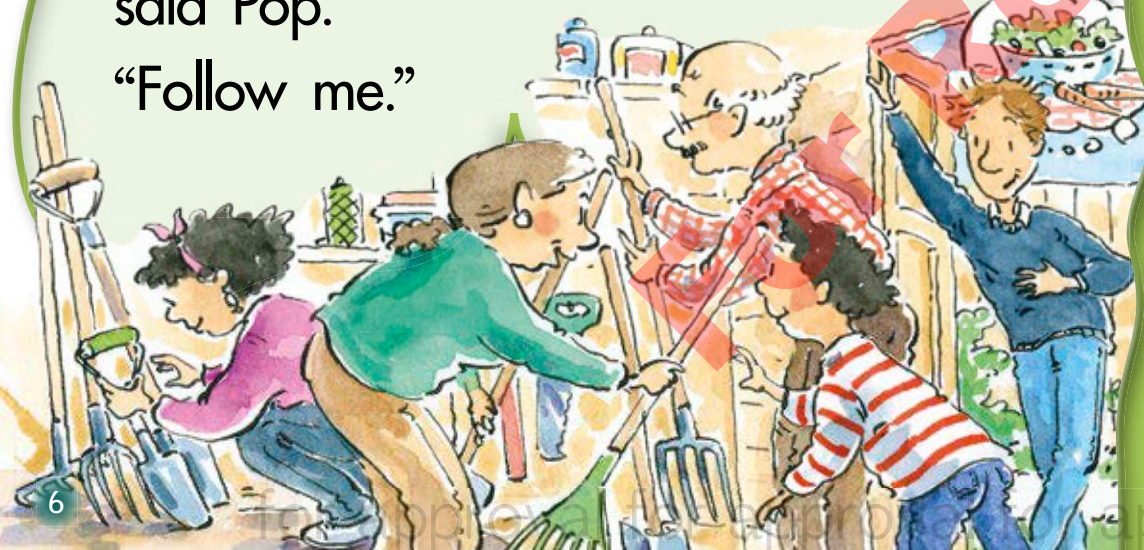

So, next we went to Pop's garage.
It was full of gardening tools.

My mother said, "Perfect!"

My father said, "Yum! I can taste
those crisp lettuces already!"

"Aunt Pat can help make the garden,"
said Pop.

"Follow me."

So, then we went
to Aunt Pat's house.
Aunt Pat had a lot of seeds
and plants.

My mother said, "Perfect!"

My father said, "Yum! I can taste
those sweet peas already!"

"Uncle Bob can help make
the garden," said Aunt Pat.
"Follow me."
