Honey Bird loved honey.
She was a little bird who lived in a forest.
Bees lived there, too.
Honey Bird loved eating their honey.

But Honey Bird could not
open a beehive and get honey
because she was too small.
She needed her friend Badger to help.

Every day, Honey Bird
looked for beehives.
She waited for bees to come.
The bees got nectar
from sweet-smelling flowers.
Then, Honey Bird followed the bees
to their beehive.
