Chapter 1

Safari!

We were going on safari! We were going to explore a huge national park for five days. There were so many animals I wanted to see. I was most excited about seeing monkeys. I couldn't wait!

"Welcome!" said Michael, our guide. "You're going to have a great holiday. What animals do you want to see?"

"Water buffalo!" said Dad.

"Elephants!" said Mum.

"Hippos!" said Karen.

"Lions!" said Patrick.

"What about you, Tania?" asked Michael.

I took a deep breath. "I really want to see … monkeys!" I told him.

"Well, we should see some vervet monkeys," said Michael, smiling. "They eat fruit from the trees all over the park."

I was so excited! Monkeys have always been my favourite animals. I've been learning about monkeys since I saw some at the zoo when I was four years old. I have wanted to see them in the wild ever since.
