# How Doctors Help

Written by Marie Gabriel

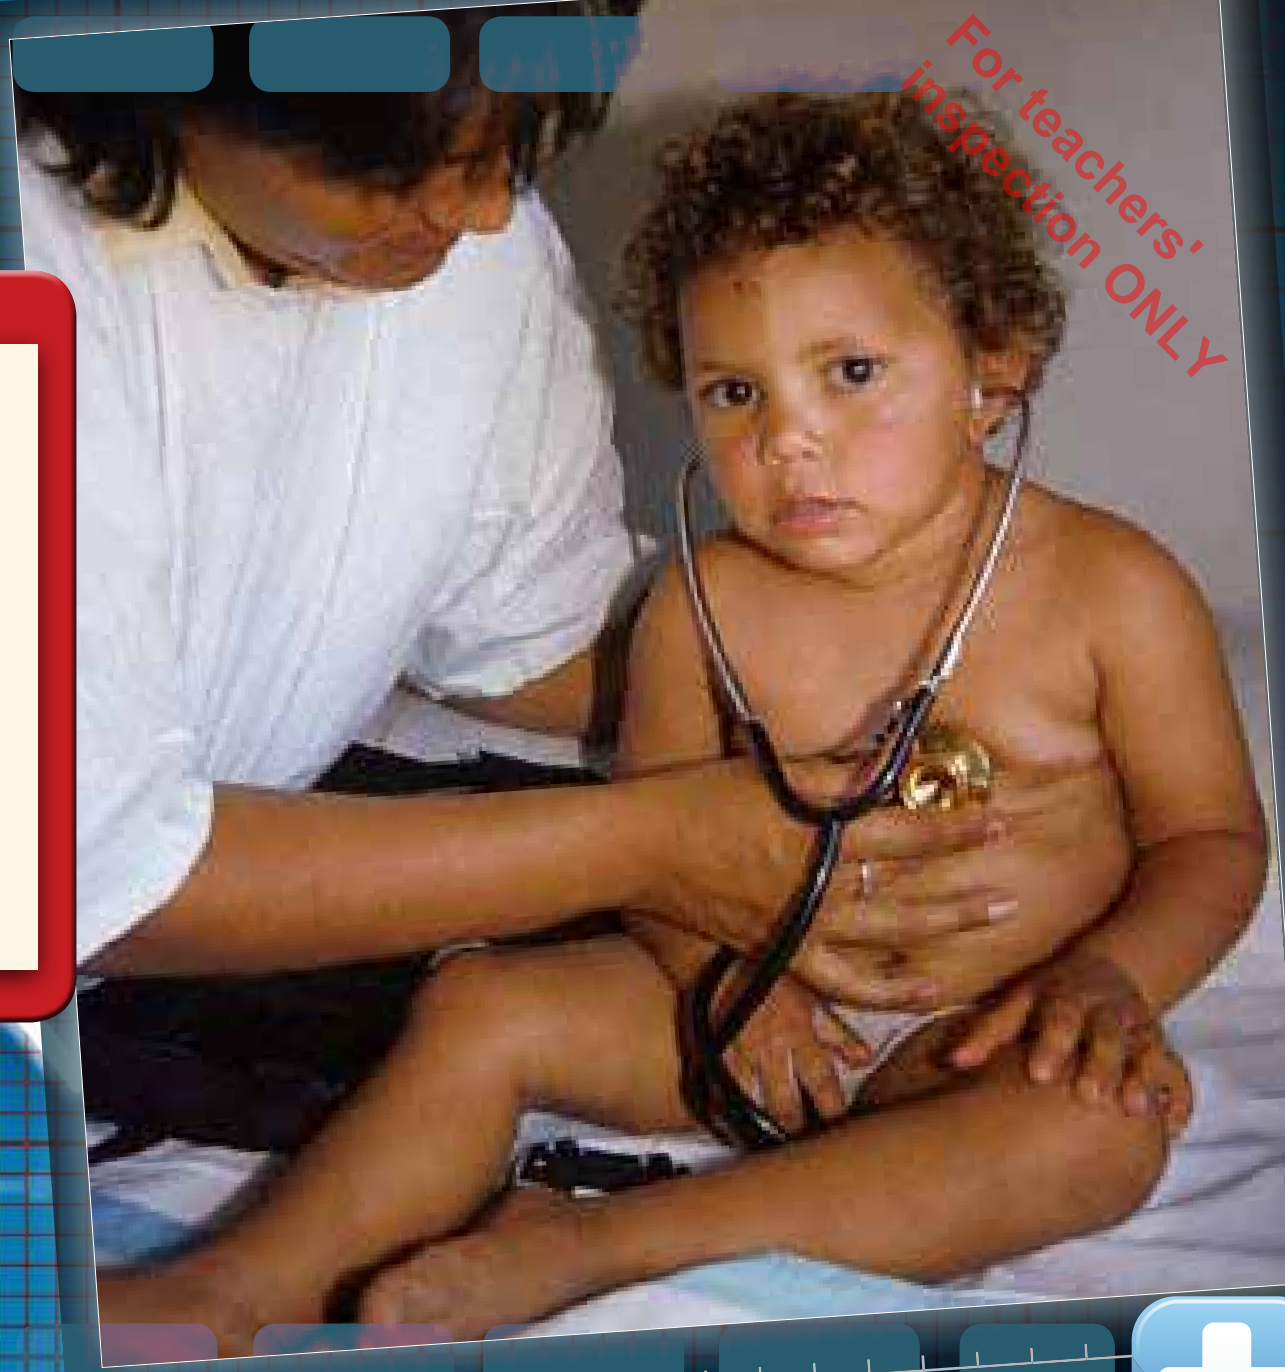

# Introduction

Doctors help in a lot of ways.
Some doctors help patients
who are hurt.
They see their patients
in hospital.

For teachers' inspection ONLY

Other doctors help patients who are sick.
They see some patients in hospital.
They see more in their office.

For teachers' inspection ONLY

# Eye Doctors

Some doctors help their patients who have sore eyes.
They test them for glasses.
They do more tests for other problems.

For teachers' inspection ONLY
