Trip Trouble

Written by Peter Rees

Dad and I are going to see my cousins
in a town far away.
The trip will not be too bad.
It will take under four hours.
I will write about it in my diary.

For teachers' inspection ONLY

Our train goes past factories.
The smoke smells bad.
The train goes under bridges.
It goes under the ground.
We go into a tunnel.
It is too dark to write.

For teachers' inspection ONLY

We get bad news.
Our train does not go all the way.
We have to go on a bus
for some of the way.
It is too bad
that it is too crowded to write.
