Let's Do Science!

What kinds of land can you make? Try this!

What to Get

- ❑ Earth materials, such as dirt, sand, clay, twigs, and small rocks
- ❑ pie tin
- ❑ water

For teachers' inspection ONLY

What to Do

1. Put some dirt in a pie tin.

2. Add sand to the dirt. Mix it up. How is it different?

3. Add other materials. Tell how each material changes the land.
