Look Closely

When you look up at the night sky, what do you see? Do you notice the twinkling stars? Can you spot the shining moon? It is important to look closely.

For teachers' inspection ONLY

Observe

To **observe** (uhb-ZURV) means to watch closely. What do you observe in the night sky?

For teachers' inspection ONLY

When you look closely, you learn more. Your five **senses** can help you learn. Use your eyes to watch closely. Use your ears to listen carefully.

For teachers' inspection ONLY

touch

taste

Five Senses

You have five senses: touch, taste, sight, sound, and smell.

sight

sound

smell

For teachers' inspection ONLY

Use your hands to feel. Use your nose to smell. You can even use your tongue to taste.

These kids use their senses to observe.

For teachers' inspection ONLY
Warning!
Do not smell, touch, or taste anything that can hurt you. Ask an adult first!
