change	**liquid**
container	**matter**
flow	**solid**
gas	**states**

Phonics

- Words with CVCe long **a** (cake, change, shape, space, state, take)

Comprehension

- Compare and contrast
- Make connections

How to Read This Book with Children

1. Read the title of the book aloud.
   Ask: *What do you think this book will be about?*
2. Talk about the pictures on each page.
3. Ask children to point to one or two words they know.
4. Read the first page to children.
   Encourage them to read along.
5. Ask children to read the rest of the book aloud.
6. Support children if they have trouble reading a word by using some of these prompts:
   - *What can you do to help yourself?*
   - *Say the word slowly. What sounds can you hear?*
   - *Look at the picture. What is happening?*
   - *Does that word sound right? Try reading the word again.*
7. Reread the book aloud together and talk about it.
8. Build language and comprehension by using the ideas at the back of the book.

What Is Matter?

Take a look around you. Everything you see is matter. This book is matter. You are matter. The air you breathe is matter, too. Can you see air?

For Review Only

This photo shows three states, or types, of matter. This photo shows solids, liquids, and gases. You can describe the three different types of matter.

▲ Gases, solids, and liquids are matter.

For Review Only

What Is a Solid?

The cake is a solid. The cake has a shape of its own. The gifts, the hats, and the people are solids, too.

▲ Solids are matter.

For Review Only

All solids have a shape. You can see and feel the shape of a solid. You can describe how a solid looks. You can also describe how it feels.

For Review Only

A camera and the hands that hold it are both solids. A camera and the hands that hold it have different shapes.

For Review Only

You can find solids everywhere. Solids can be very different, but they all have their own shapes. All solids take up space, too.

▲ The candles and party hat take up space.
