piece	**space**
puzzle	**triangles**
rectangles	**turn**

Phonics

- Words with **ch**, **sh** digraphs (change, shape)

Comprehension

- Analyze text structure and organization
- Make connections

How to Read This Book with Children

1. Read the title of the book aloud.
   Ask: *What do you think this book will be about?*
2. Talk about the pictures on each page.
3. Ask children to point to one or two words they know.
4. Read the first page to children.
   Encourage them to read along.
5. Ask children to read the rest of the book aloud.
6. Support children if they have trouble reading a word by using some of these prompts:
   - *What can you do to help yourself?*
   - *Say the word slowly. What sounds can you hear?*
   - *Look at the picture. What is happening?*
   - *Does that word sound right? Try reading the word again.*
7. Reread the book aloud together and talk about it.
8. Build language and comprehension by using the ideas at the back of the book.

What Is the Same Size?

Some things are big. Some things are small. Size is how big or small something is.

▲ The moose and the fish are different sizes.

For Review Only

Look at these small birds. The birds are alike. Both birds are the same size.

▲ These puffins are the same size.

For Review Only

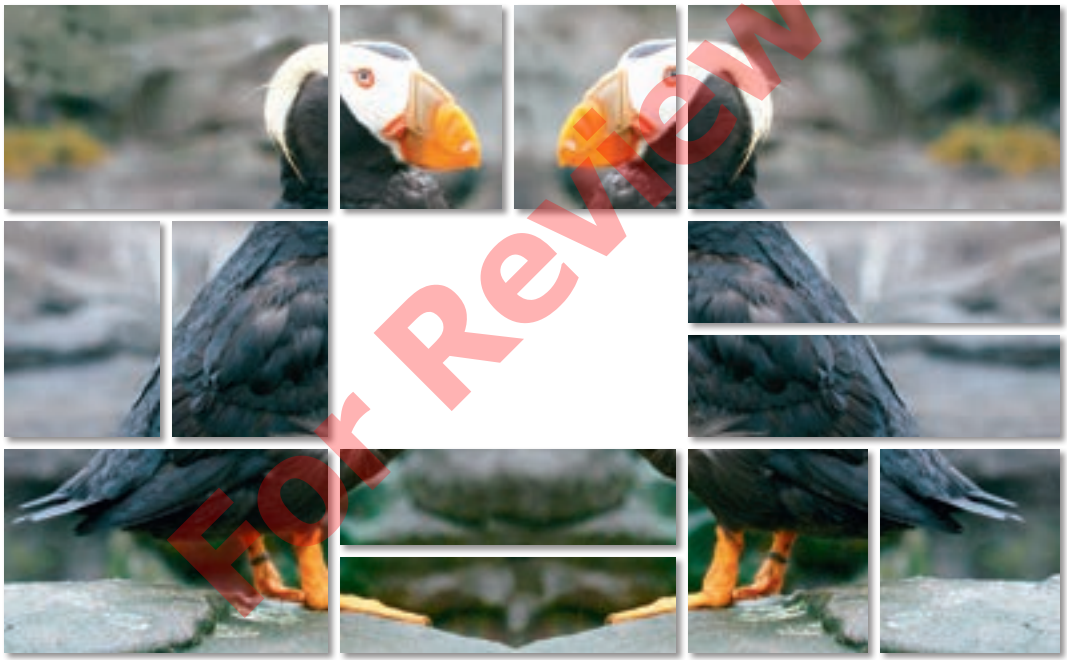

Some shapes are the same size, too. Look at these rectangles. Some are big and some are small. Two rectangles are the same size.

For Review Only

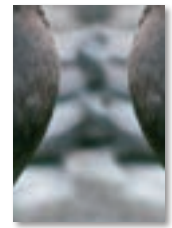

▲ The two blue rectangles are the same size.

Look at this puzzle. The pieces are rectangles. One piece is missing. Which one of these other rectangles is the same size as the missing piece?

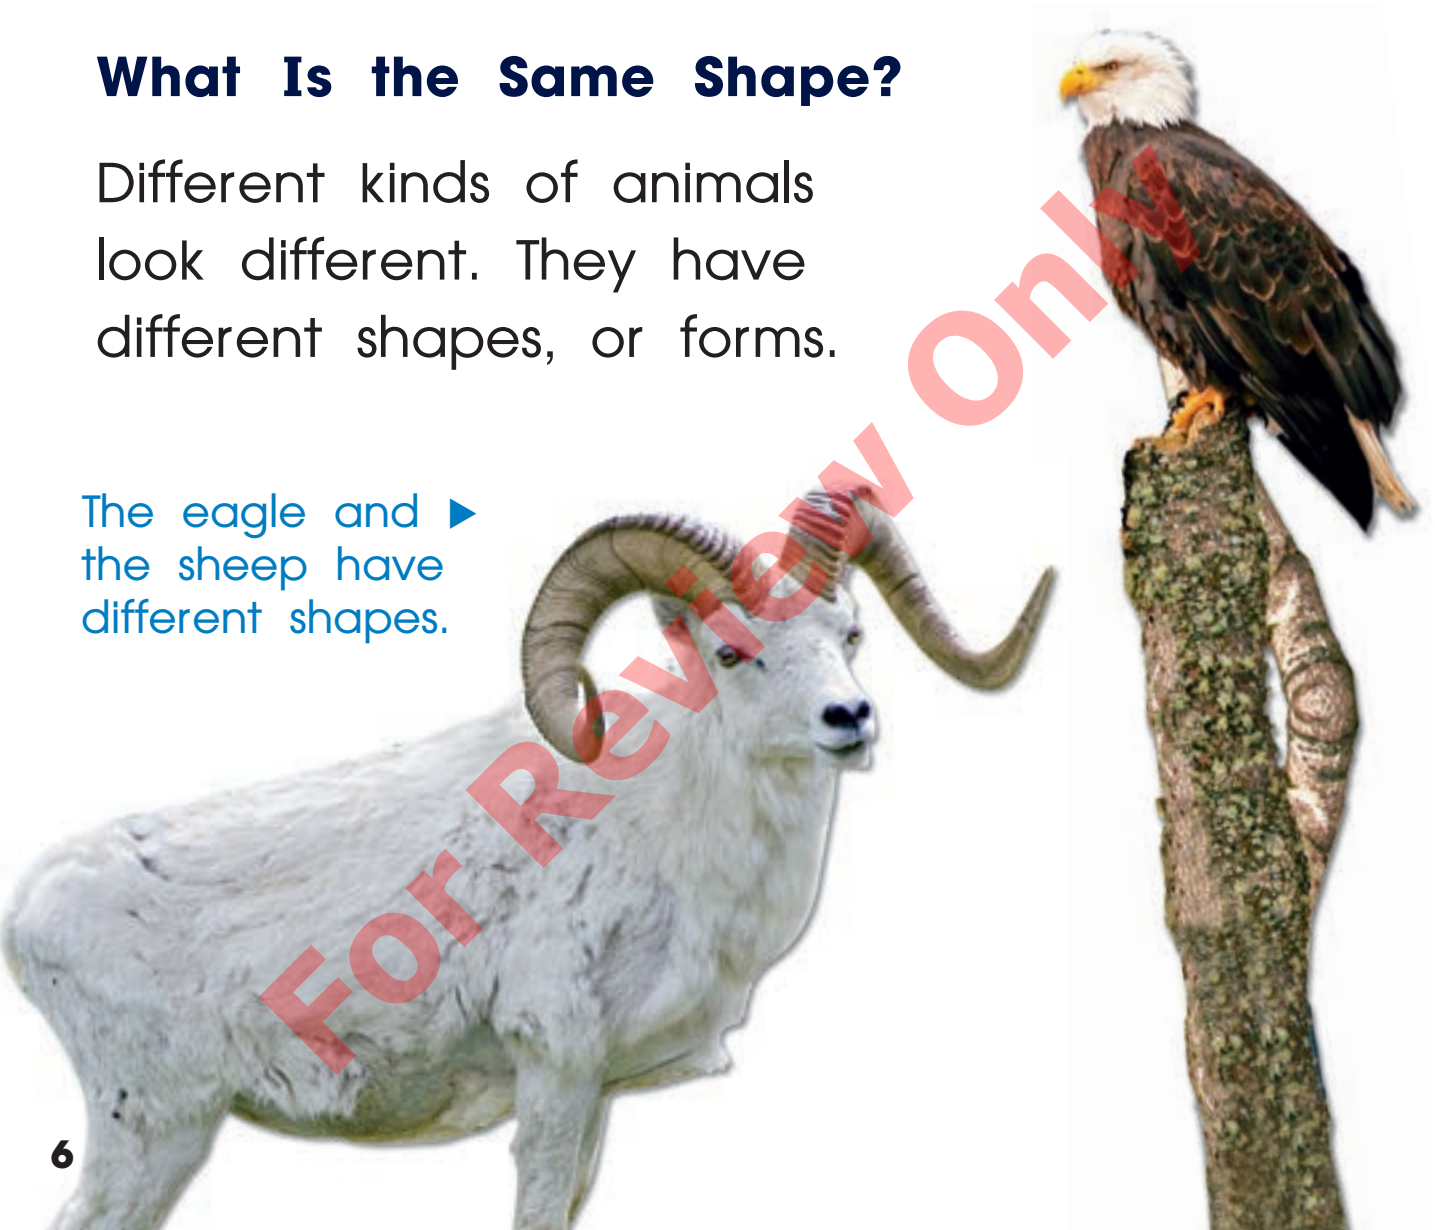

▲ All the pieces of this puzzle are rectangles.

What Is the Same Shape?

Different kinds of animals look different. They have different shapes, or forms.

The eagle and the sheep have different shapes. ▶

For Review Only

Some animals look the same.
You know these animals are bears
because they have the same shape.

For Review Only

▲ These bears have the same shape.
