Who Uses Data?

by April Barth

Level: **F**
Word Count: **116**
Math

Skills You Can Teach

Sight Word Vocabulary

people
some
their
these
use

Concept Word Vocabulary

crops
data
facts
fishermen
jobs
park
ranger
scientists

Phonics

- Words with open vowels (do, to, who)

Comprehension

- Identify main idea and supporting details
- Make connections

How to Read This Book with Children

1. Read the title of the book aloud.
   Ask: *What do you think this book will be about?*
2. Talk about the pictures on each page.
3. Ask children to point to one or two words they know.
4. Read the first page to children.
   Encourage them to read along.
5. Ask children to read the rest of the book aloud.
6. Support children if they have trouble reading a word by using some of these prompts:
   - *What can you do to help yourself?*
   - *Say the word slowly. What sounds can you hear?*
   - *Look at the picture. What is happening?*
   - *Does that word sound right? Try reading the word again.*
7. Reread the book aloud together and talk about it.
8. Build language and comprehension by using the ideas at the back of the book.
