The stamps are put into the ink and stamped onto the cloth to make it look pretty. They use the same stamp over and over and over.

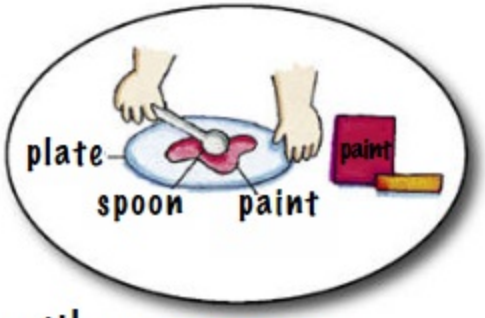

In India, they stamp their cloth to make it look pretty.

Here is how you can make a card at home using a stamping tool:

1. Get some paper and tools from around the house.

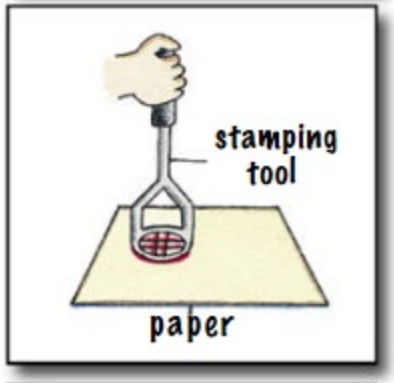

2. Put some paint on a plate and spread it around with a spoon.

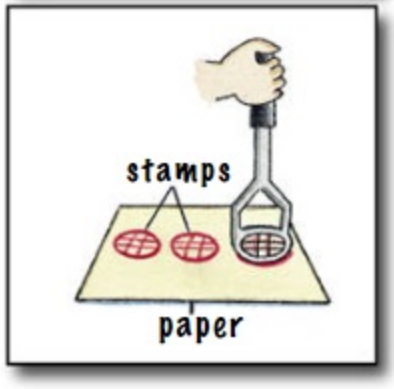

3. Dip the tool into the paint. Do not get too much paint onto the tool!

4. Use the tool to stamp your paper.

5. Keep stamping over and over.
