# Living in Hong Kong

by Janine Scott

For teachers' inspection ONLY

Hong Kong is very big.
It has three big cities.
It has 235 little islands, too.

Many people live in Hong Kong.

For teachers' inspection ONLY

There are a lot of hills in Hong Kong. These hills are hard to build on.

People built cities where the land is flat. It is easier to build on flat land.

For teachers' inspection ONLY

Most people in Hong Kong live and work in the cities.

Because there is little flat land in Hong Kong, many tall buildings were built. Tall buildings do not take up a lot of land.

Many people can live in just one tall building. Many people can work in just one tall building, too.

For teachers' inspection ONLY
