Miss Bart goes to school early.

She works on a lesson plan.

teacher's inspection only

lesson plan

Subject: Language Arts

Grade: Grade 1

Topic: Words and Actions

Content: Vocabulary for key classroom words

Goals	Students will learn the names of objects in the classroom. They will also be able to understand classroom directions.
Objectives	The students will match pictures to objects to the object by placing picture cards next to the object. After listening to a direction given by the teacher, the student will follow that direction by correctly completing the action.
Materials	Children's dictionaries and dictionary cards with pictures
Introduction	Ask questions to see what vocabulary students know.
Development	Using the dictionary as a reference, I will model the actions. Students will follow along in their own dictionaries. Then students will model the actions as they say each word.
Practice	Students will repeat the vocabulary after me while looking at the picture, or the actual object. Students will work with a partner. They will ask each other questions about the classroom. They will give each other directions.
Understanding	Listen to the children pronounce the vocabulary. Ask the students to "act out" the directions.
Closure	Review the vocabulary words. Assign practice work at home.
