

SPACE VOYAGER

MOON

Bullfrog Books

Ideas for Parents and Teachers

Bullfrog Books let children practice reading informational text at the earliest reading levels. Repetition, familiar words, and photo labels support early readers.

Before Reading

- Discuss the cover photo. What does it tell them?
- Look at the picture glossary together. Read and discuss the words.

Read the Book

- "Walk" through the book and look at the photos. Let the child ask questions. Point out the photo labels.
- Read the book to the child, or have him or her read independently.

After Reading

- Prompt the child to think more. Ask: What are your favorite facts about the moon?

Earth's Moon

Look up!

What is that in the sky?

For Review Only

It is the moon.

It is the brightest thing in our night sky.

For Review only

For Review Only

Why is it so bright?

It reflects the sun's light.

For Review only

The moon has phases.

It looks full.

This is when the sun shines fully on the moon.
