Ideas for Parents and Teachers

Bullfrog Books let children practice reading informational text at the earliest reading levels. Repetition, familiar words, and photo labels support early readers.

Before Reading

- Discuss the cover photo. What does it tell them?
- Look at the picture glossary together. Read and discuss the words.

Read the Book

- "Walk" through the book and look at the photos. Let the child ask questions. Point out the photo labels.
- Read the book to the child, or have him or her read independently.

After Reading

- Prompt the child to think more. Ask: The word "solar" means having to do with the sun. Have you heard this word before? What things can you think of that might have to do with the sun?

Big and Hot

The sun is hot.

It keeps us warm.

For Review Only

It gives us light.

It helps plants grow.

For Review Only

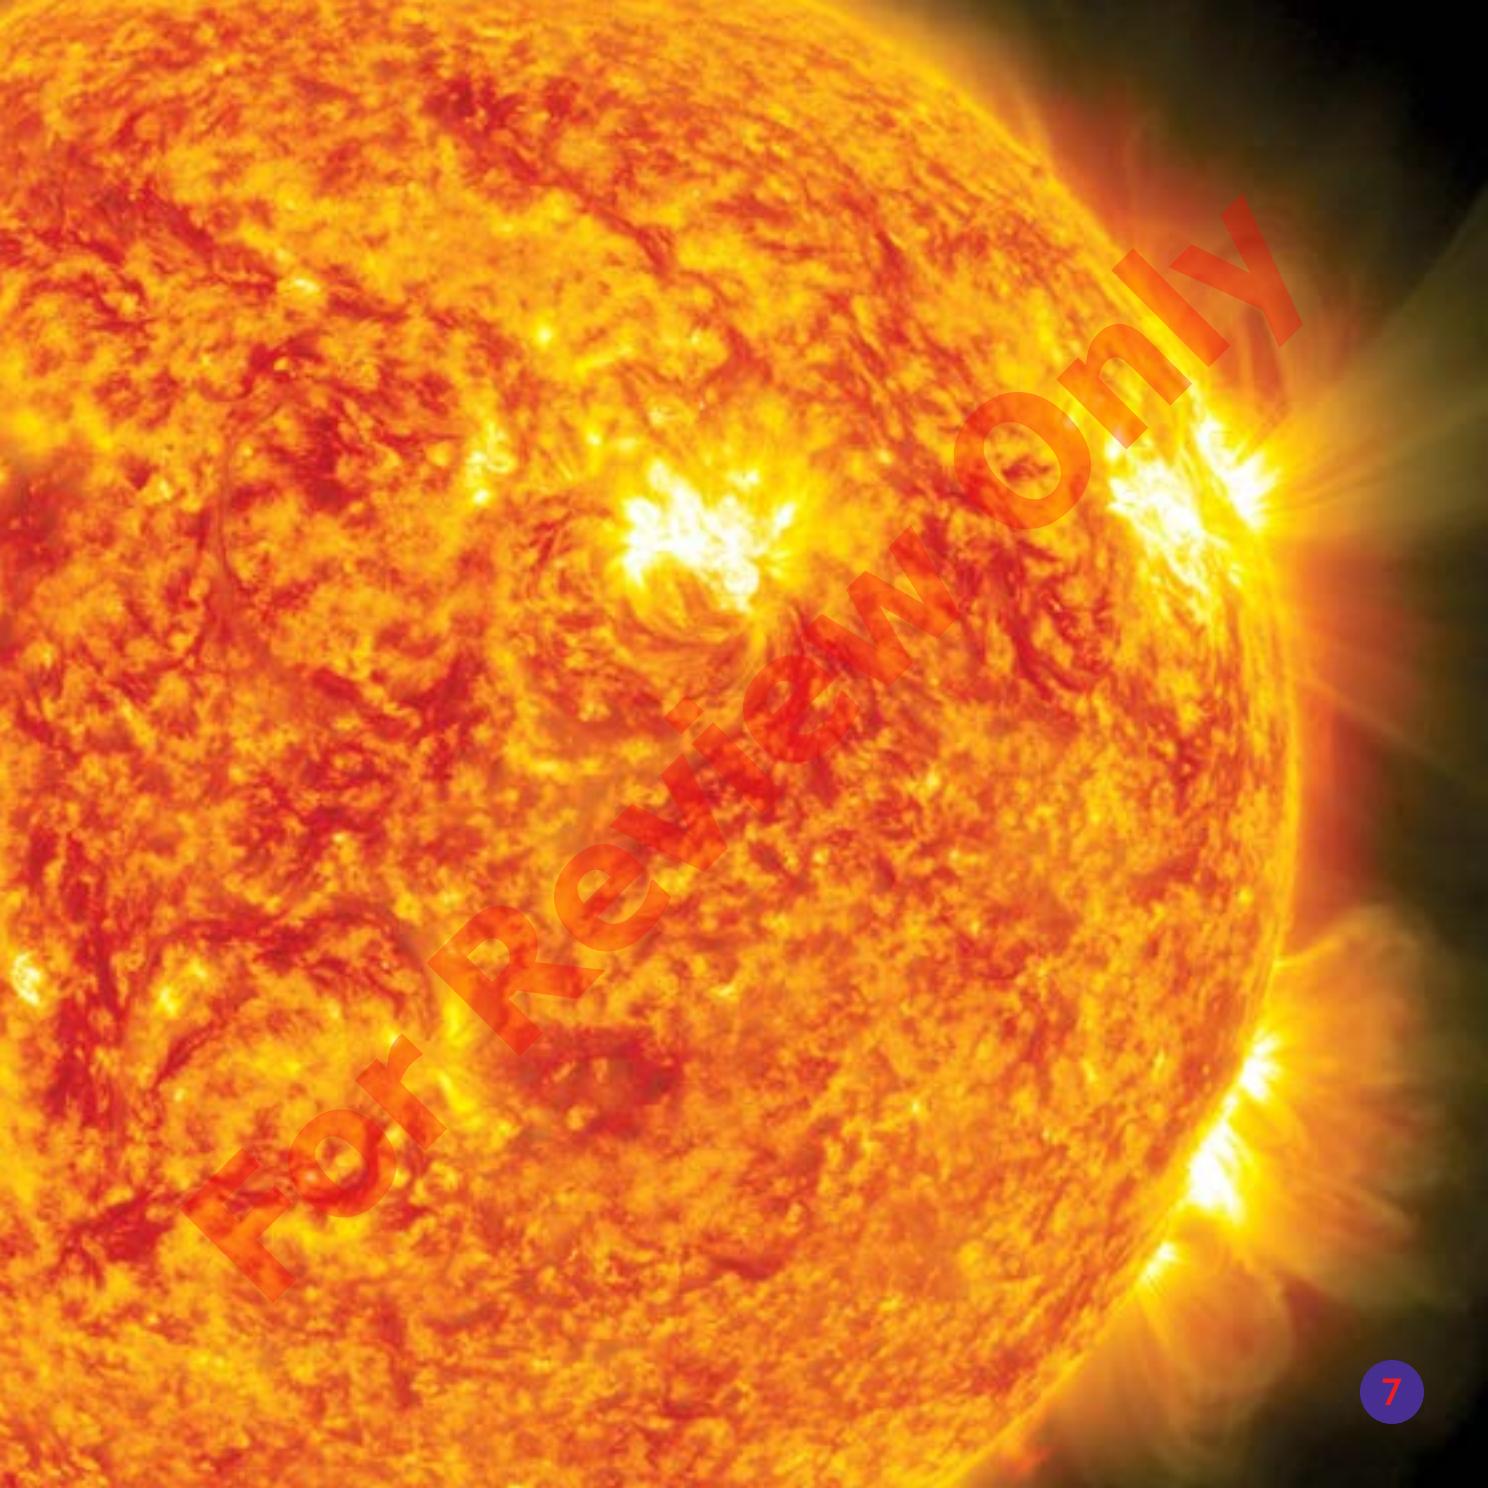

What is the sun?

It is a star.

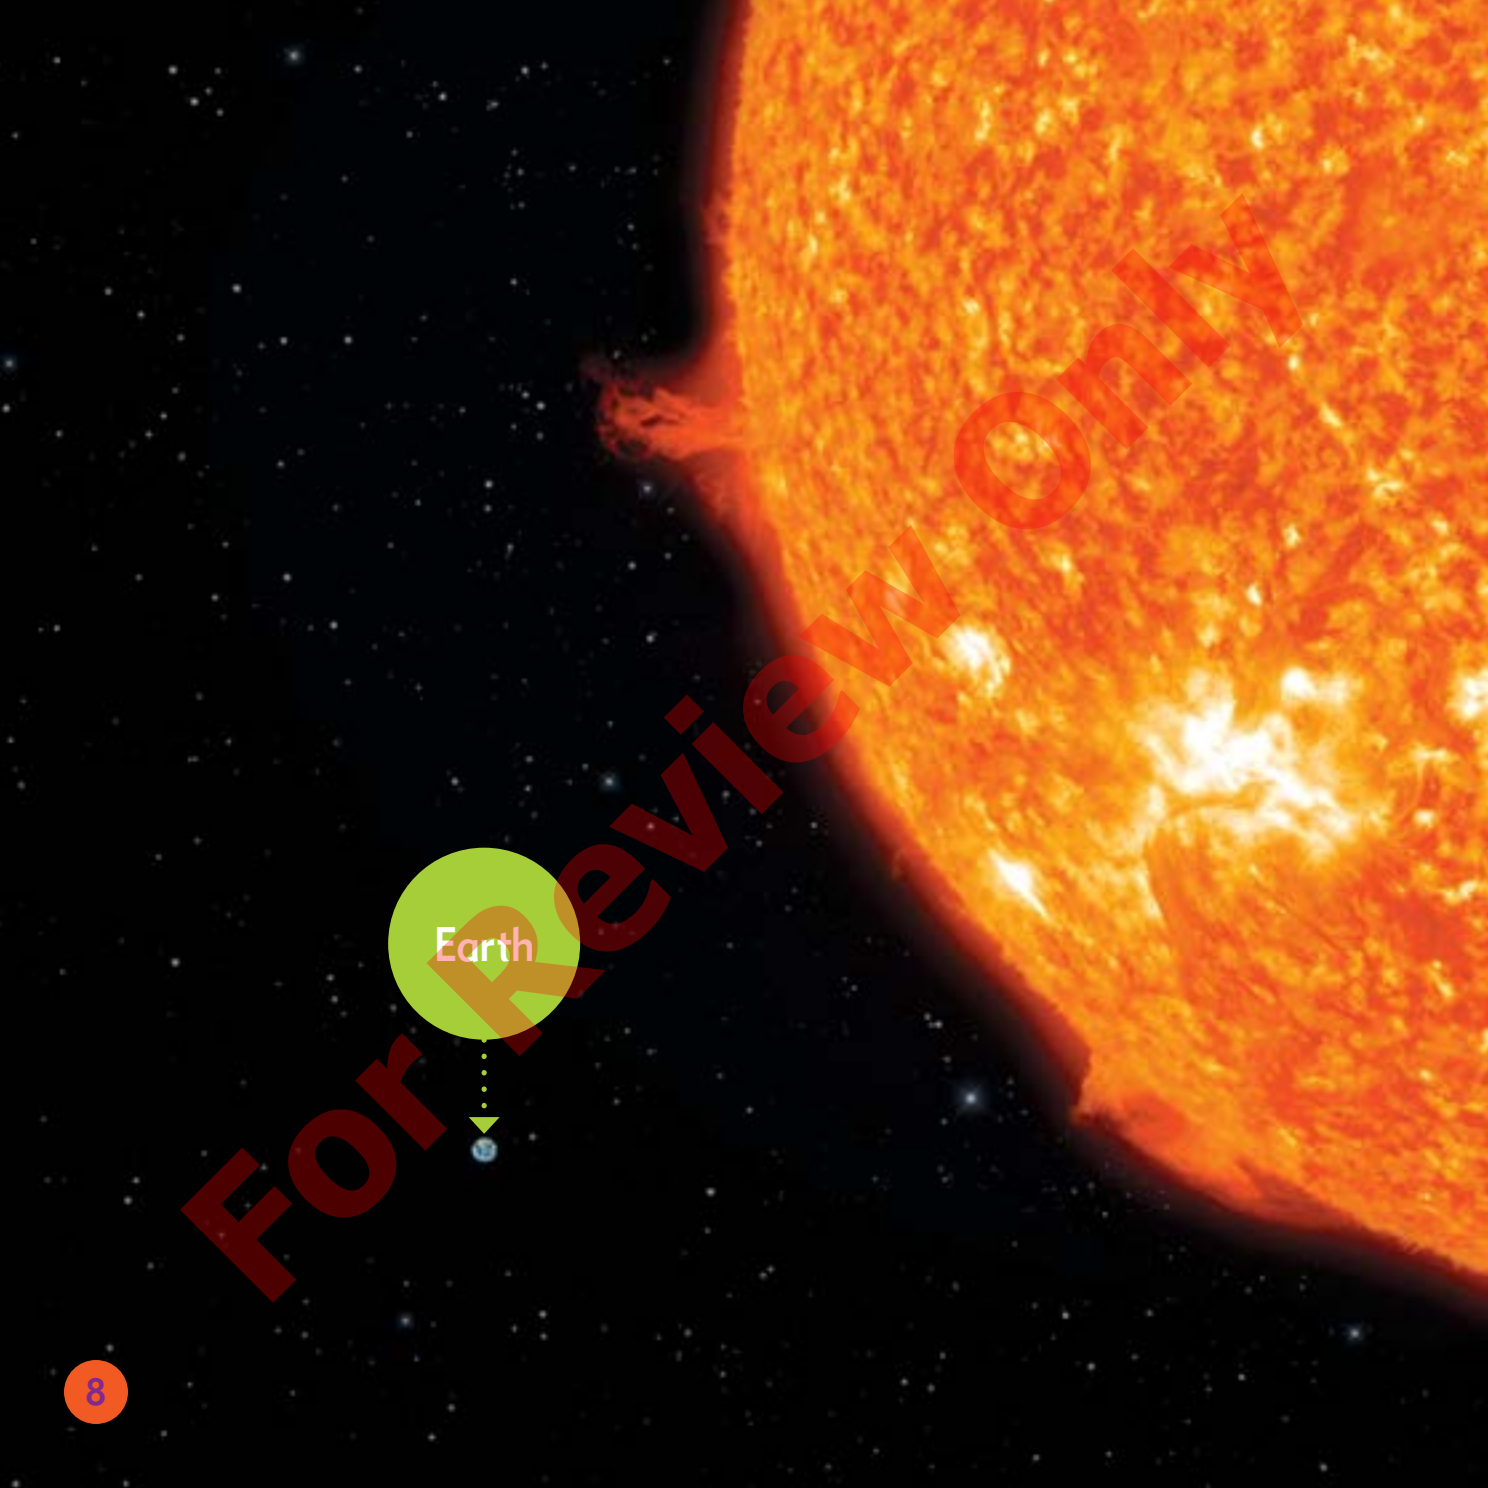

It is made of gas.
