Drones

Do you have a drone? Have you ever flown one before? They are a lot of fun.

Children can fly drones.

Flying a drone for fun

People can fly drones with the use of a remote control. Drones can also fly themselves using the right computer programs.

◄ A drone with a camera

Drones can take photos or videos. They can also deliver packages.

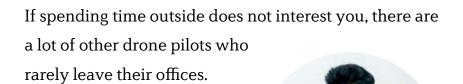

◄ A drone carrying a package

The Job of a Drone Pilot

Drone pilots are people who fly drones. They fly drones in cities and rural areas. Many drone pilots spend a lot of time flying their drones outside. They travel to exciting and beautiful places.

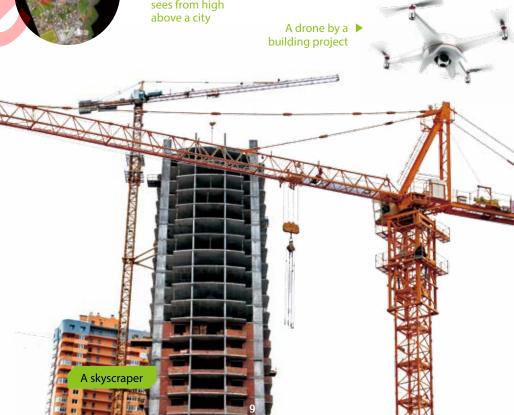

Flying a drone in a park ►

Flying a drone by a river

If spending time outside does not interest you, there are a lot of other drone pilots who rarely leave their offices.

◀ Operating a drone from an office

Drones That Help People

In cities, drone pilots work for many different companies including builders and city governments. Builders get drone pilots to map the land they want to build on. They also use drones to monitor big projects such as the building of skyscrapers.
