

Faye's Fear

Level

2

Andre Louw

Look! My baby brother is
in Mom's belly. I can't wait
to meet him. Do you want
to meet him, too?

Mom is pregnant. Her belly is
like a big balloon.
Faye's baby brother is in there!

SPEAK

What's a good name
for a baby brother?

“When is he coming out, Mommy?”

asks Faye.

She is very excited.

“Soon, my dear. Very soon,”

smiles Mom.

THINK

What is Faye trying to do?

Faye can't wait to have a brother. She thinks babies are like cool, new dolls—just like those pretty dolls in her room.

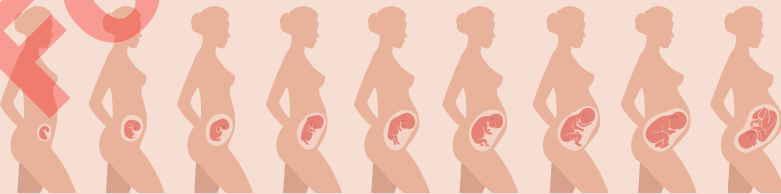

SPEAK

What do you have in your room that Faye doesn't have?

Mamma Mia

A woman's blood can increase by as much as 50% when she's pregnant. As a result, her heart will get bigger, too. It's the same for a mother's womb. It can grow up to 500 times bigger with a baby inside!

1. Unscramble the words. Then, match them to the pictures.

Clip Art

You will need:

scissors

a clear plastic bottle

small, colored paper clips

large, colored paper clips

1. Use your scissors to cut out the middle part of the bottle.

2. This plastic ring should be about as broad as your large paper clips.
