

Vacation Island

Level
4

John D. Smith

Yeah! We're on holiday!
And we're going to an island!

"Ladies and gentlemen, this is your captain speaking. We will be landing soon. The time on Vacation Island is now 9:45 a.m. Thank you for flying with Seagull Airlines and have a great stay."

Logan and Mia were excited to be on holiday and on the way to Vacation Island!

SPEAK

Where are Logan, Mia, and their uncle? What are they doing?

“I’d like to rent a jeep,” Uncle Jim said to the lady at the car rental counter.

“OK. May I have your driver’s license and credit card, please?” said the lady.

“Here you are,” said Uncle Jim.

“Thank you,” said the lady. “Here’s the key and a map of the island. Enjoy your holiday!”

THINK

Why does the lady
need Uncle Jim's
driver's license?

The family drove for almost an hour, but they still couldn't find the hotel. Uncle Jim stopped the jeep and asked a woman for help.
"Excuse me. Where's the Dolphin Hotel?"

“Go straight until you cross a bridge. Turn left, and it’s on the beach,” said the woman.

ACT

Ask a partner for directions to a school, convenience store, restaurant, or hotel nearby.

Your Very Own Island!

The Maldives is a group of 26 islands in the Indian Ocean. Apart from being the world's lowest country, it's also a great place for an island holiday. You can even rent a whole island just for you and your friends!

It has two villas with everything you need and a yacht with a guide for viewing stingrays, whale sharks, and turtles. It also comes with jet skis, water jet packs, and underwater scooters!

1. Read, match, and write the correct words on the lines.

- 1 It's a tower with a strong light and is near the shore. It helps to guide ships.

- 2 It is a piece of land surrounded by water.

- 3 Something that's very valuable and is often hidden in a box.

- 4 This is a building with many sea animals. People can pay to visit it and look around.

- 5 It can help you to find the thing or the place that you are looking for.

Make It, Map It!

You will need:

clay

paper

a ruler

a permanent marker

a see-through plastic box

colored pens or pencils

a see-through lid

blue water paint

1. Think what your dream island looks like. (mountain peaks, volcanoes, valleys, lakes, etc.) Then, shape the clay into an island.

2. With your ruler and marker, mark each centimeter (cm) on a side of the plastic box.

My Island has mountain peaks. There is a lake in the middle of the island.
