

# Boba Builds a Bridge

Level  
2

*Andre Louw*

Boba is my best friend.  
We love doing everything  
together. Come on, join us  
on our next journey!

Boba is a black bear.  
He's very handsome.  
He's also my best friend.

But, don't tell the grown-ups.  
They don't understand.

**LOOK**

What are Boba and  
the boy doing in  
the four photos?

One day, Boba and I walk  
up a mountain road.  
Suddenly, we stop.  
Someone is crying.

**GUESS**

Who or what do you  
think is crying? Do you  
see any clues?

We look around and find three little leopard cats!  
“What’s wrong, guys?” I ask.

**THINK**

Why do you think  
the little leopard  
cats are crying?

# Taiwan's Leopard Cats

Today, less than five hundred leopard cats remain in Taiwan. This is mainly due to humans, who cause roadkill and damage natural environments.

From head to tail, leopard cats are under a meter long. In Chinese, they are known as “stone tigers.”

1. Look at the pictures and unscramble the words.  
The first one has been done for you.

## Best Bridge

You will need:

**a glue gun**

**40~50 popsicle sticks**

**toy cars or toy animals**

- For this mission, you and your two teammates need to use sticks and glue to build a strong bridge. Follow the rules below. You and your teammates can build any structure you like.

1. The bridge needs to connect two tables which are 30 cm apart.
2. The bridge needs to be strong enough to hold at least the weight of three toy animals or three toy cars.
3. Design the bridge and discuss with your teammates how to make it better or stronger.
