

My Animal Friends

Level

1

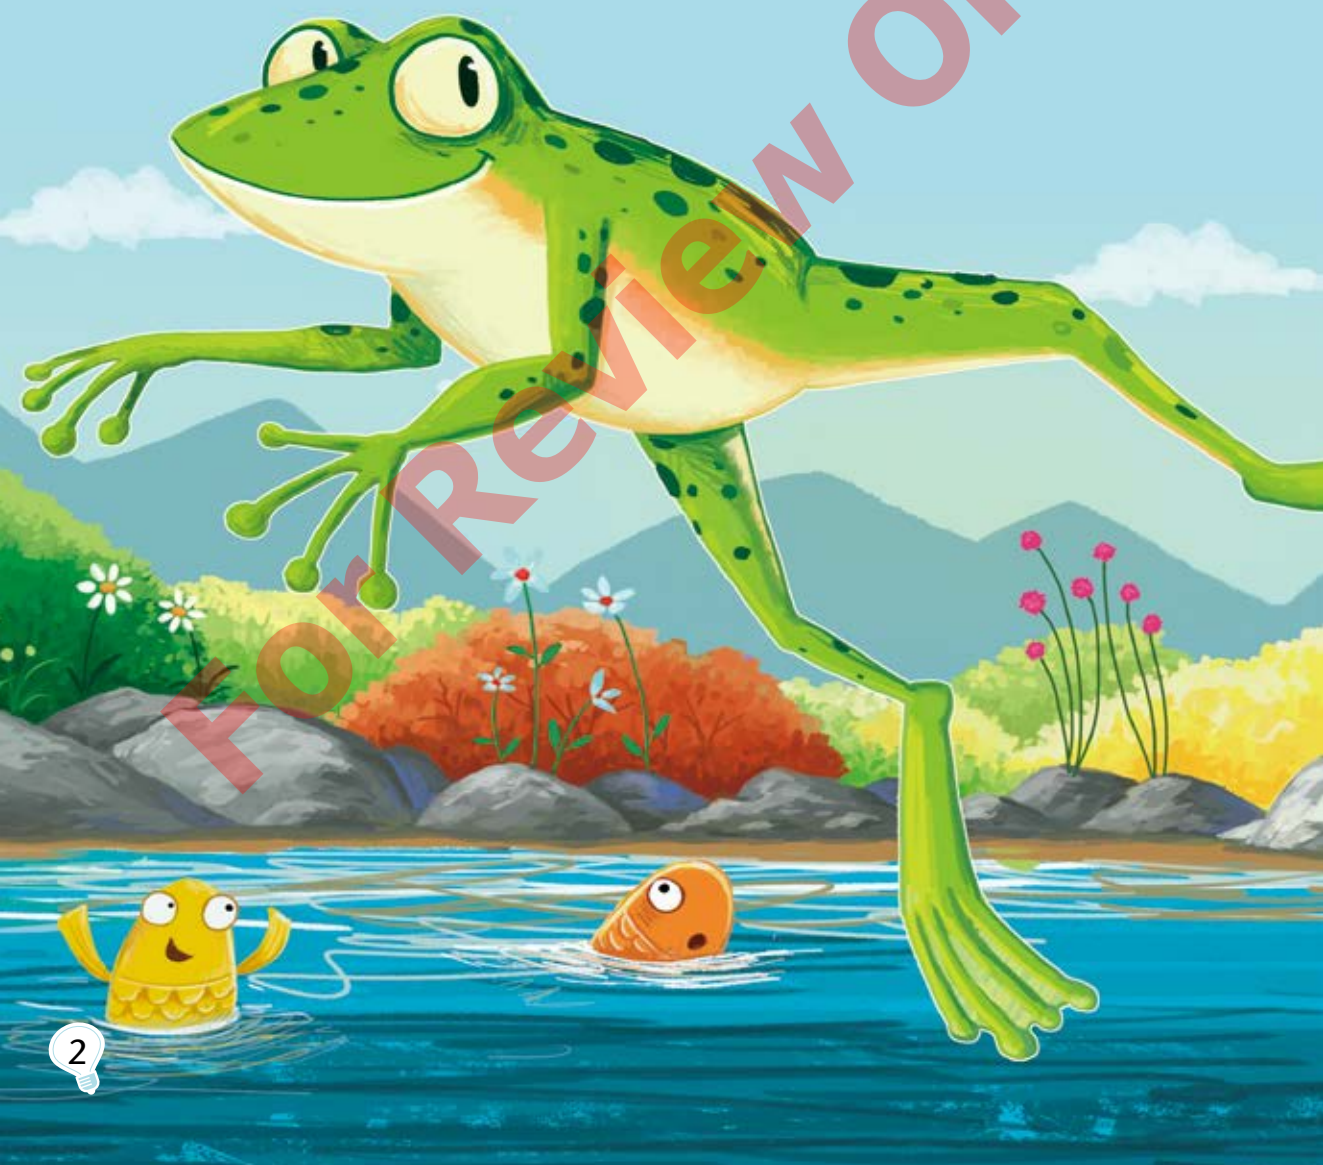

John D. Smith

Animals are awesome!
Come! I'll show you all
my favorite ones.

Look at me.

I can jump like a frog.

COUNT

How many fish
are there?

Look at me.

I can run like a cheetah.

SPEAK

Act like the bird in the picture. What do you want to say to the zebra?

Look at me.

I can walk like a duck.

ACT

Choose a duck in the picture and act like it. Can she/he guess which duck you are?

Fast but Friendly!

When we think of cheetahs, we think of wild animals. These big cats are, however, quite easy to train.

In ancient Egypt, for example, they were often trained for hunting, and even kept as pets!

1. Listen and write the numbers.

Friendly Jellyfish

You will need:

neon paint

brightly colored wool

three paper bowls

scissors

a paintbrush

a chopstick

1. Paint each bowl with a different neon color.

2. When the paint is dry, make a hole in the center of each bowl.
