Annotate! Highlight!
Online tools provide opportunities to add questions and use close reading techniques to respond to text.

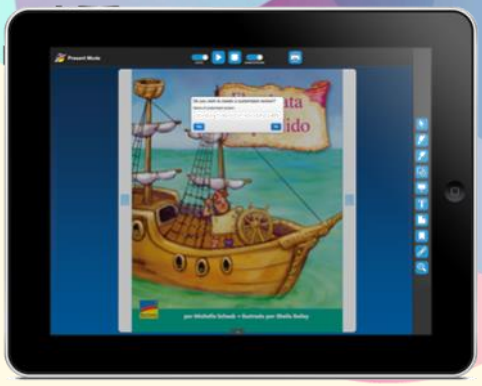

Listen
Audio-synchronized text highlighting links the spoken word and printed text to extend the experience to listening comprehension. Includes word-by-word tracking.

Customize
Create and personalize bookshelves and customize assignments for students using guided reading and Lexile® levels, topics, and strategies.

Link! Embed! Share!
Linking to the web and embedding videos allow students to locate and use evidence to make text-based arguments and extend learning beyond the printed page.

Differentiate!
You can create virtual copies of each eBook. All annotations, notes, and additions you make to the eBook are saved. These virtual copies can be assigned, added to a bookshelf, or used for whole-group presentations!
