Written and illustrated by Gavin Coates

"Hello! I am Earthy. I'm your planet.
Look at me!

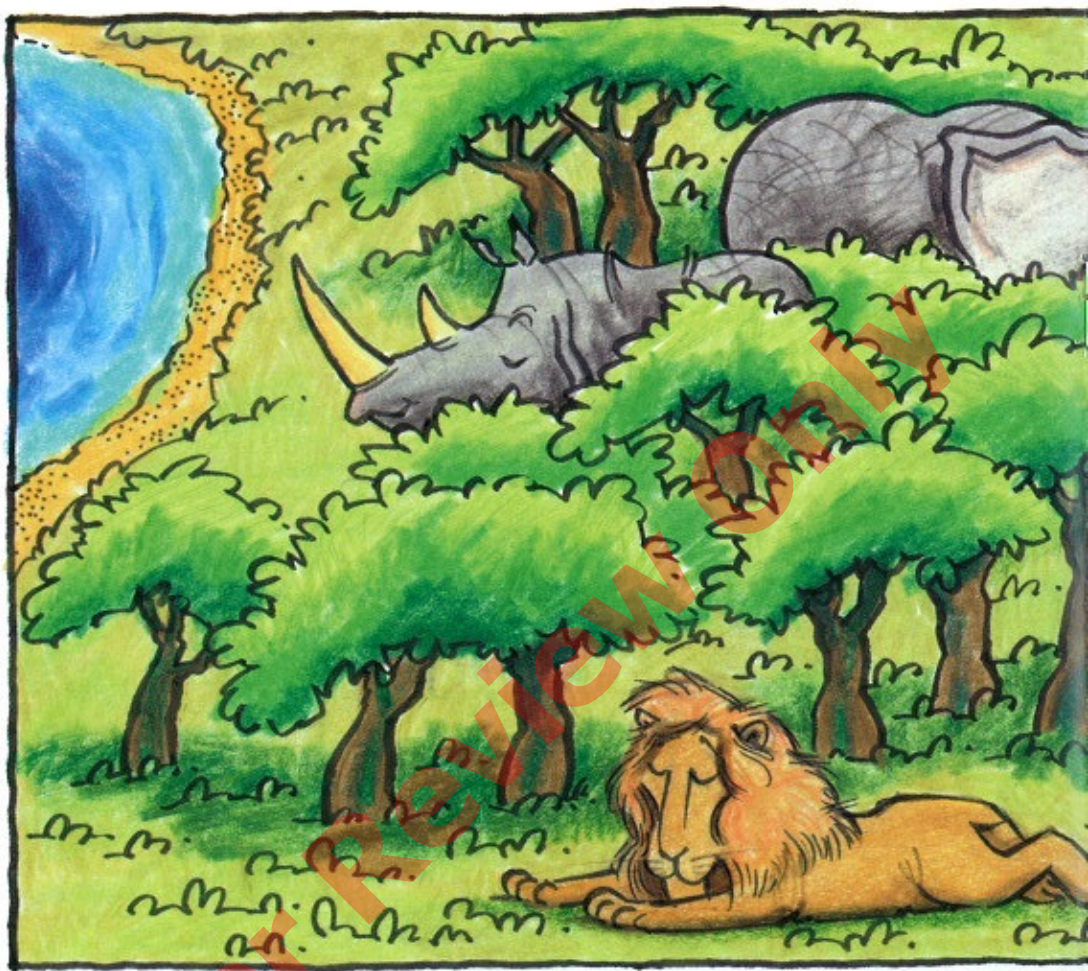

There's the sun and there's the moon,
and lots and lots of stars, you see!"

"Look at the sea. The sea is blue.
Who lives there? I'll show you."

"Look! Lots of fish and whales do!"

"The grass is green.
The trees are green.
Can you see some animals in-between?"

"Behind the trees is an elephant,
And a big, strong lion sleeps in front."

"The desert is yellow and brown.
It's very hot and dry.
It hardly ever rains, you see.
That is the reason why!"
