It is summer.

It has not rained for a long time.

The forest is dry.

Look at the ground.

Can you see the dry leaves,

bark and twigs?

There is thunder and lightning.

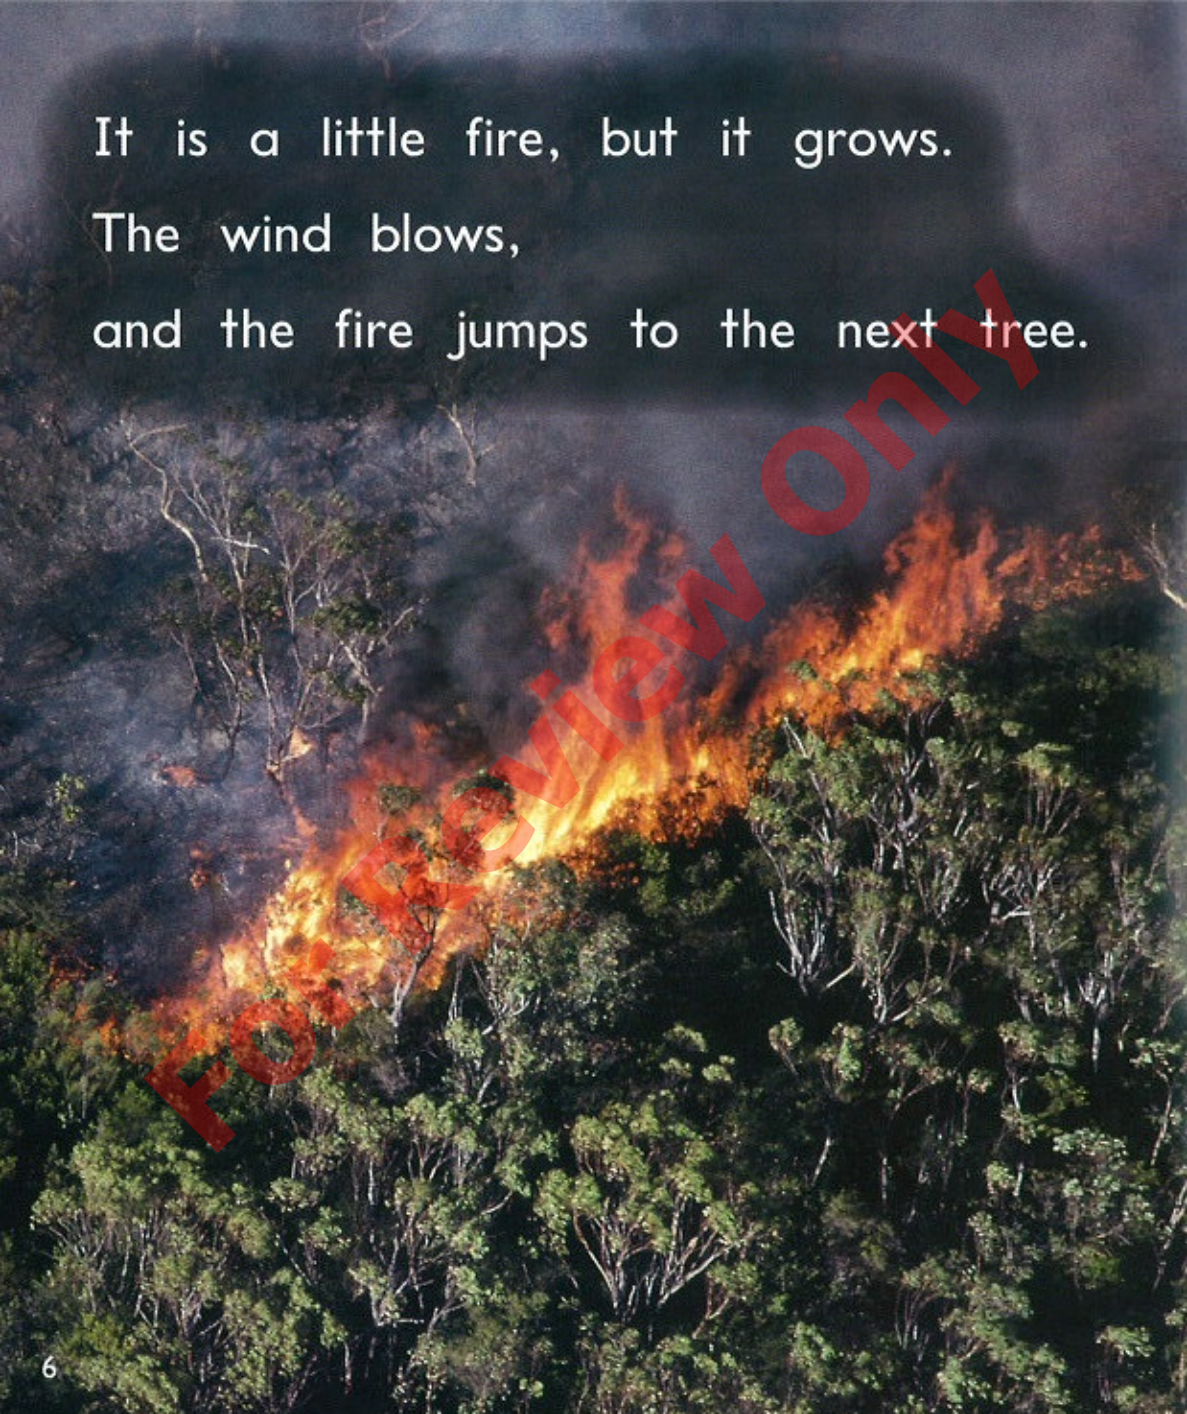

Some drops of rain fall, then stop.

A tree is hit by lightning.

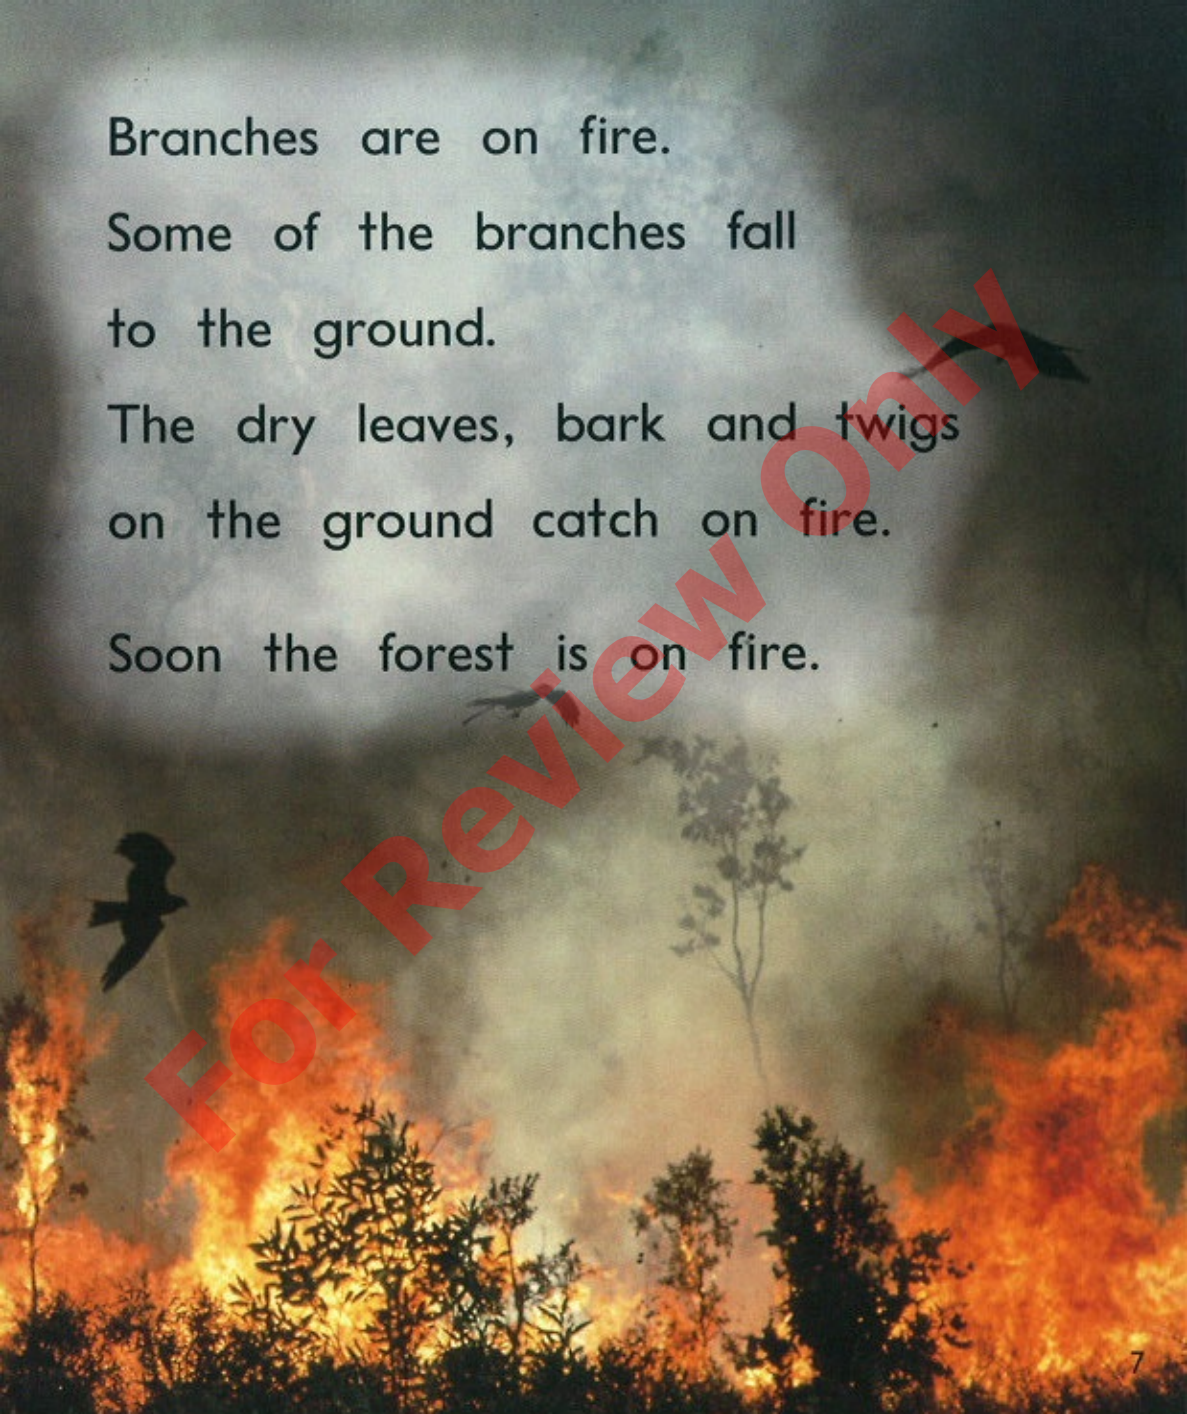

The tree catches fire!

Branches are on fire.

Some of the branches fall to the ground.

The dry leaves, bark and twigs on the ground catch on fire.

Soon the forest is on fire.
