father

grandmother

grandfather

mother

A family tree tells about a family.
It tells about people in a family
who are alive.

It tells about people in a family
who are no longer alive.

It tells about births in a family.

It tells about marriages in a family.

Some family trees tell
the dates people got married.

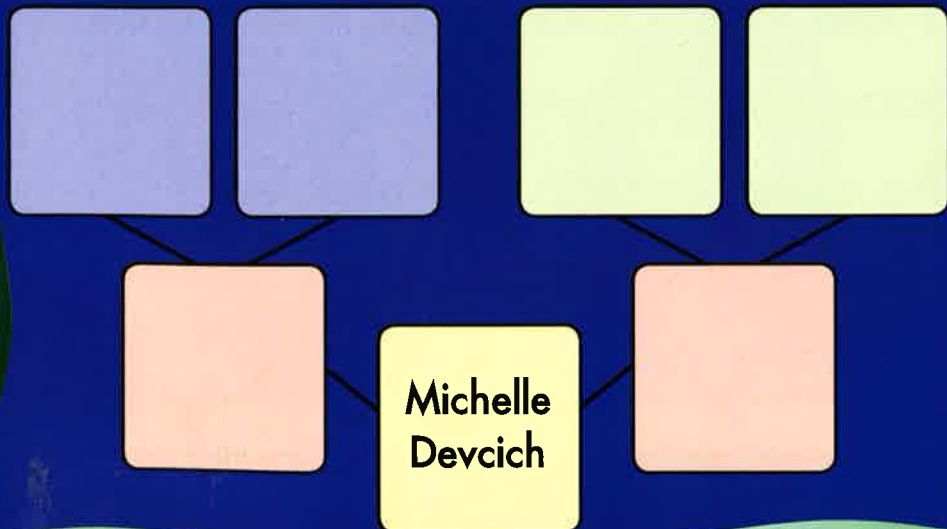

Some family trees tell
the dates people died.

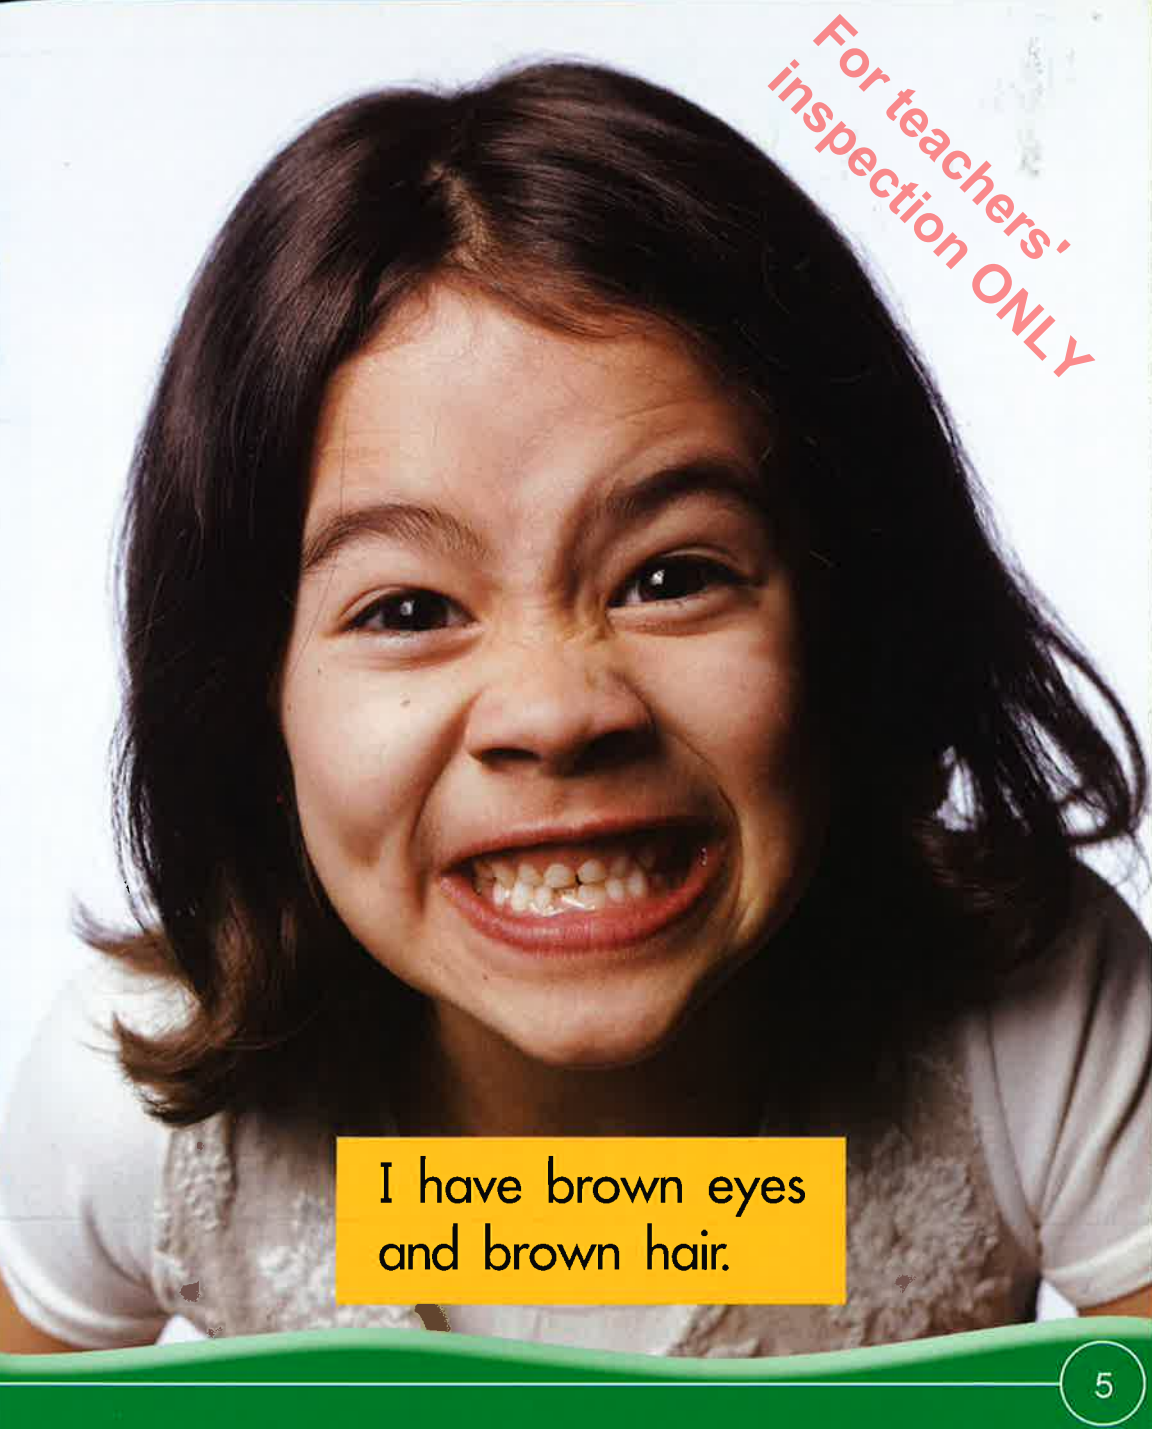

My name is Michelle Devcich.

I am at the bottom
of our family tree.

I am an only child.

I have no brothers
and no sisters.
