The Rug House

We have made
a house with chairs,
and we can sit inside.
The rug goes all
the way around.
It makes a place to hide.

Willow Tree House

I have a house,
My own little house,
Under the willow tree.

It's shady inside,
A good place to hide...
That's where I like to be.

Our Apartment

We look out the window,
and we see the town.
The cars in the street,
are a long way down.
