Red Squirrel looked down
from her home in the trees.
She was hungry.

She saw some nuts
over in the grass.
She ran down the tree
and raced across the ground
to get one.

But a big grey bird
was flying around
over the trees.
He was looking for food,
and he liked to eat squirrels.

The grey bird
saw Red Squirrel,
down on the ground.

Red Squirrel did not see the grey bird. She was eating a nut, and she was not looking up at the sky.
