Different Colours

Different colours can create different moods. A mood is how someone is feeling at a certain time and in a certain place.

For Review Only

People often use different colours to create different moods when decorating their homes. Most rooms have one or two main colours.

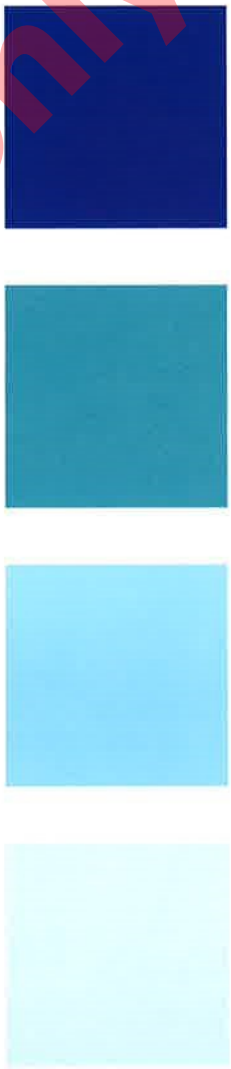

For Review Only

Blue is the colour of the summer sea and sky. It is a cool, calming colour.

Blue has been used to create a relaxing mood in this bathroom. The blue walls and the blue tiles give the room a holiday feel.
